FINAL PROJECT / COMPONENT TECHNICAL DRAWING

01 HELMET SHELL

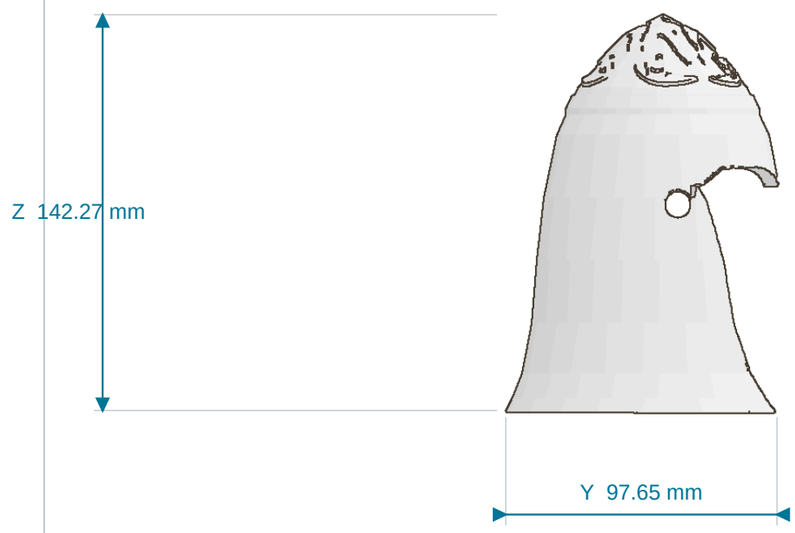

A3 LANDSCAPE | mm | NTS

SOURCE: ORIGINAL FUSION CAD

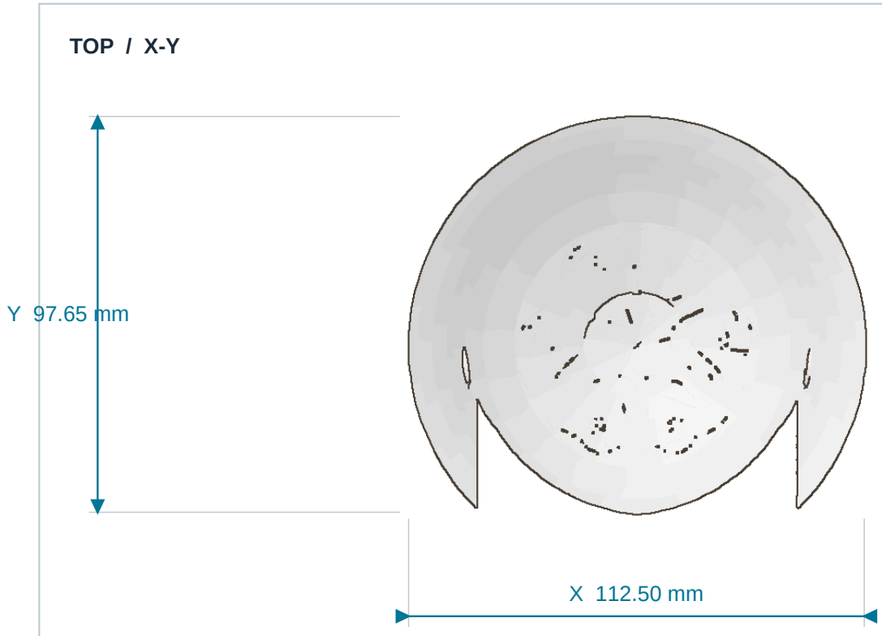

FRONT / X-Z

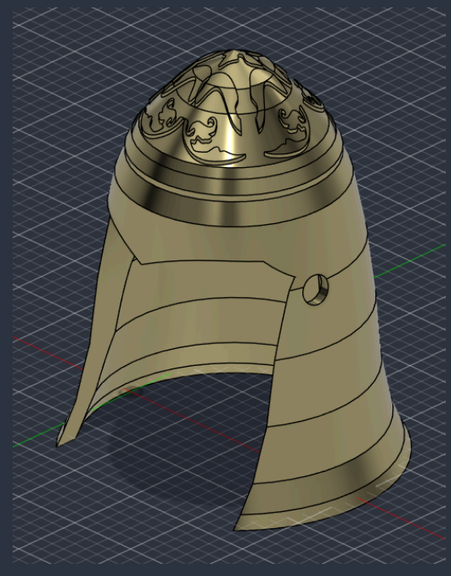

RIGHT SIDE / Y-Z

TOP / X-Y

ISOMETRIC / FUSION VIEWPORT

Primary rigid shell with visor and hinge mounting regions.

PIVOT APERTURE: diameter 10.035 mm (Fusion cylindrical face).

Dimensions are Fusion BRep body envelopes; hole and mating clearances require a physical fit check.

DESIGN STATE: CAD complete; physical printing, materials and finishing are planned.

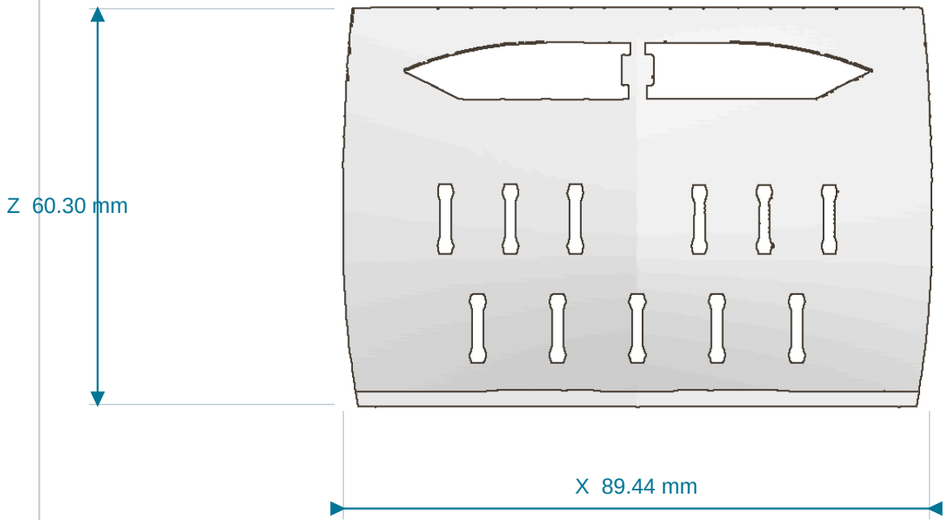

FINAL PROJECT / COMPONENT TECHNICAL DRAWING

02 VISOR

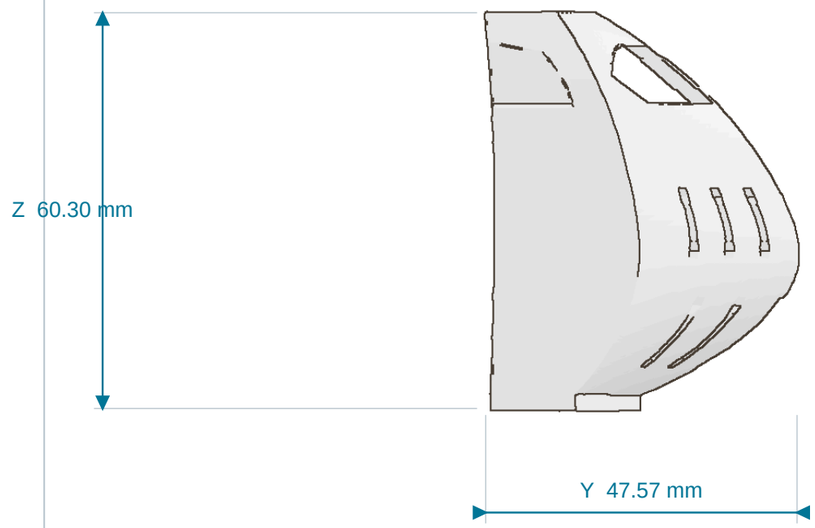

A3 LANDSCAPE | mm | NTS

SOURCE: ORIGINAL FUSION CAD

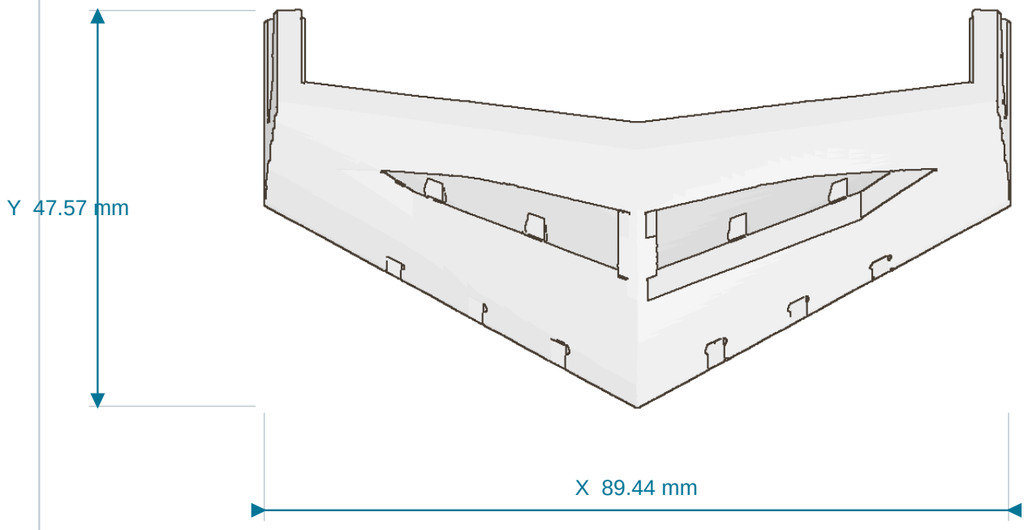

FRONT / X-Z

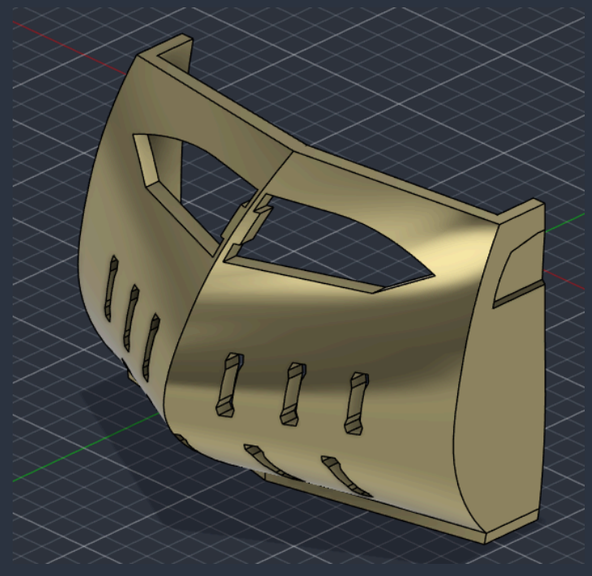

RIGHT SIDE / Y-Z

TOP / X-Y

ISOMETRIC / FUSION VIEWPORT

Removable front visor body; transparent finish remains a fabrication plan.

ASSEMBLY INTERFACE: verify visor fit against shell and hinge geometry before printing.

Dimensions are Fusion BRep body envelopes; hole and mating clearances require a physical fit check.

DESIGN STATE: CAD complete; physical printing, materials and finishing are planned.

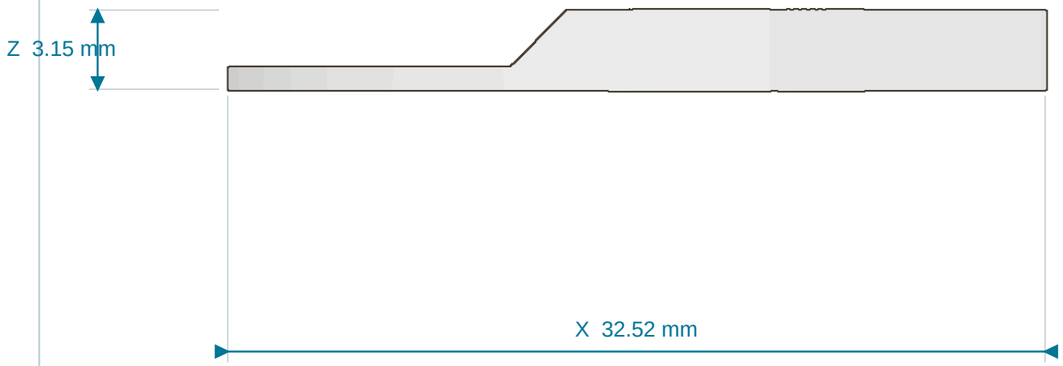

FINAL PROJECT / COMPONENT TECHNICAL DRAWING

03 LEFT HINGE

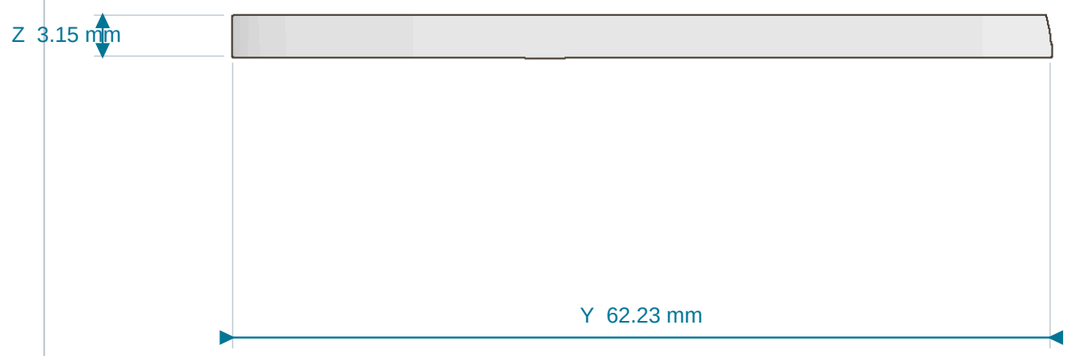

A3 LANDSCAPE | mm | NTS

SOURCE: ORIGINAL FUSION CAD

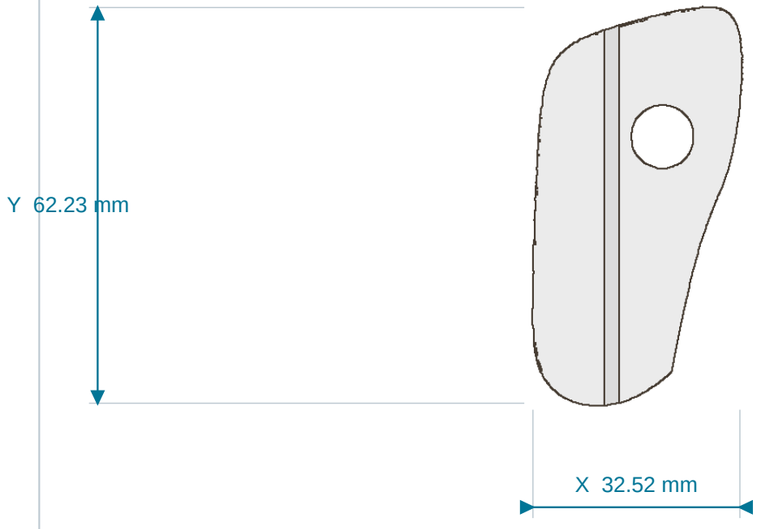

FRONT / X-Z

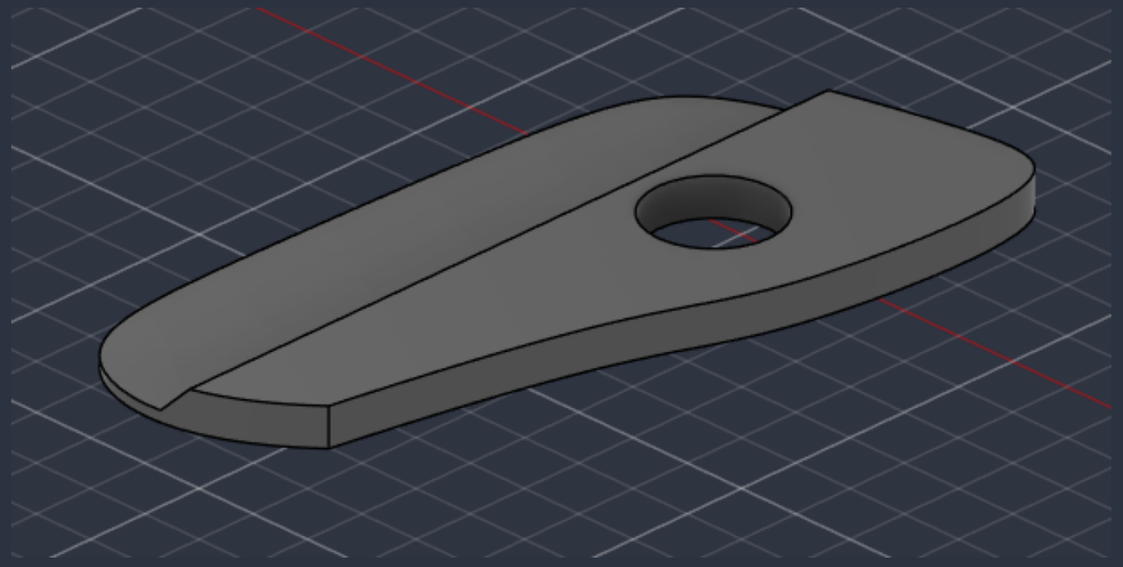

RIGHT SIDE / Y-Z

TOP / X-Y

ISOMETRIC / FUSION VIEWPORT

Separate left pivot plate; verify hole fit before final assembly.

PIVOT BORE: diameter 10.236 mm (Fusion cylindrical face); compare with shell aperture 10.035 mm.

Dimensions are Fusion BRep body envelopes; hole and mating clearances require a physical fit check.

DESIGN STATE: CAD complete; physical printing, materials and finishing are planned.

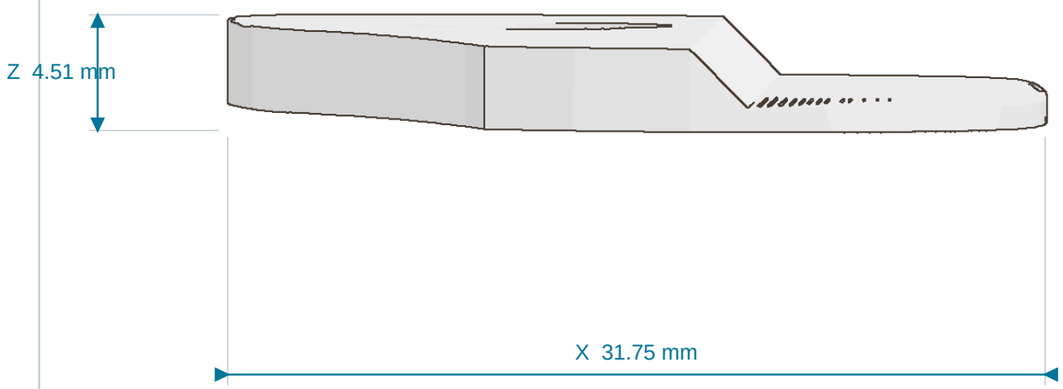

FINAL PROJECT / COMPONENT TECHNICAL DRAWING

04 RIGHT HINGE

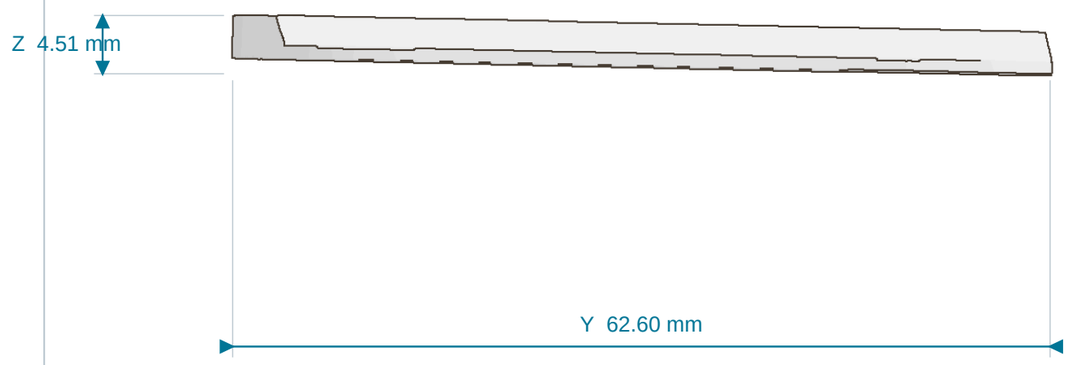

A3 LANDSCAPE | mm | NTS

SOURCE: ORIGINAL FUSION CAD

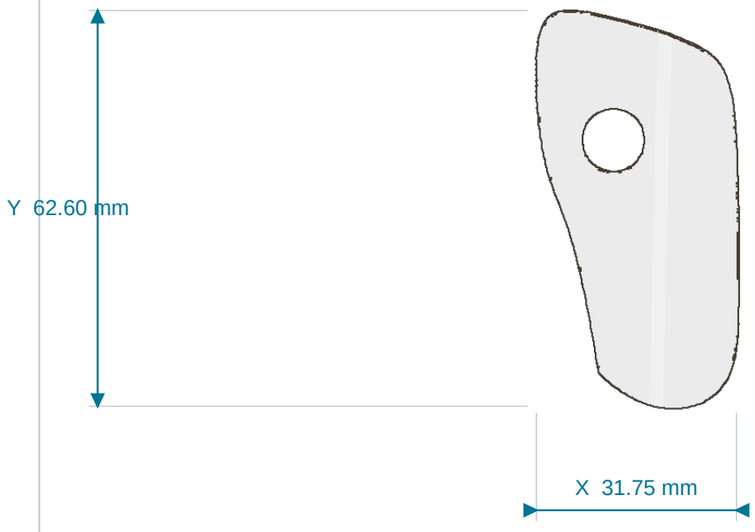

FRONT / X-Z

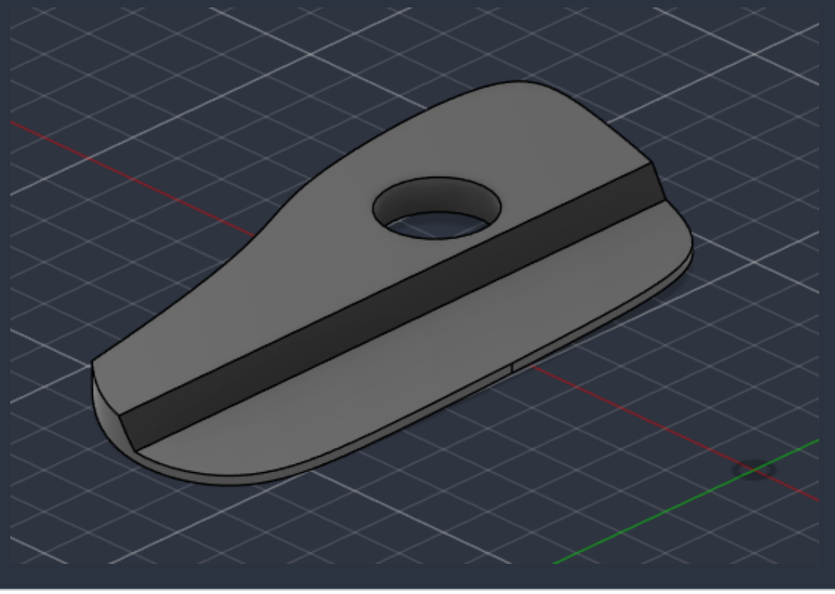

RIGHT SIDE / Y-Z

TOP / X-Y

ISOMETRIC / FUSION VIEWPORT

Separate right pivot plate; verify hole fit before final assembly.

PIVOT BORE: diameter 10.236 mm (Fusion cylindrical face); compare with shell aperture 10.035 mm.

Dimensions are Fusion BRep body envelopes; hole and mating clearances require a physical fit check.

DESIGN STATE: CAD complete; physical printing, materials and finishing are planned.
